HONOR YOUR LOVED ONE WHILE CRUISING MONTEREY'S FAMOUS BAY

We often see a multitude of sea life including sea otters, harbor seals, California sea lions, herons, & egrets. Even

dolphins and whales sometimes make an appearance, and we head their way.

“Morning & sunset departures are preferred for calmer sea conditions, but we will try to accommodate any date and time required by the family. Your comfort & safety are paramount.” ~ **Captain Ken**
