

# NEWPORT BEACH

## Your Service

Honor your loved one with a peaceful and dignified cruise off the coast of Newport Beach. From the moment you step aboard, our goal is to provide a calm, supportive setting where you and your guests can reflect, remember, and be together. There are no hidden fees, additional taxes, or boarding charges, so everything is clear and straightforward. You are welcome to bring your own food and beverages to enjoy during the journey.

As the vessel cruises along the beautiful Newport coastline, take in the ocean air and scenic views while our Captain carefully guides the boat and leads a quiet, respectful moment of silence in honor of your loved one. The experience is unhurried and private, allowing each family the space they need to say goodbye in their own way. (Photo shown is our vessel accommodating up to 45 passengers.)
